

# We are an Accredited Coaching Organisation

Promoting the enjoyment of football at all levels.

We are working in partnership with Worcestershire Football Association to provide appropriate, fun and safe football sessions to participants. As a result, we have obtained accreditation from the County FA to ensure that we continuously maintain and improve our standards.

If you or your children attend football coaching sessions, it is recommended that you use a Worcestershire FA accredited organisation.

**As an accredited coaching provider we strive to offer the same service that the County FA aim to deliver: 'Football For All'.**

For more information on accredited Coaching Organisations visit the Worcestershire FA website.

The coaching organisation accreditation format is a voluntary scheme that serves to ensure that each partner has:

- ✓ Appropriately qualified staff including Coaching badges, First Aid certificates and Safeguarding Children
- ✓ **Appropriate insurance policies**
- ✓ Examples of best practice in business governance and financial management
- ✓ **Criminal Records Checks (CRCs) for all coaches**
- ✓ Demonstrated an understanding and commitment to inclusion and equality in their coaching environment

If you would like to become accredited please email:
